<b>Definitions</b>	<p><b>Course transfer</b> is transferring credit hours of courses which have been completed successfully from another university/college to Al-Ain University.</p> <p><b>Recognition of Prior Learning (RPL):</b> RPL regulations apply to all forms of recognition of prior learning, including transfer of academic credit and admission with advanced standing and to the recognition of experiential or non-classroom-based prior learning (see Standard 6.4, 6.5 and annex 20).</p>		
<b>Purpose</b>	<p>The purpose of this policy is to set academic standards on the educational qualifications of transferred students and to study the recognition of prior learning (in-line with 2019, CAA standards, #6.4, 6.5, and annex 20) experience of students who have acquired significant learning through work and life, which may be equivalent to some University courses. This includes credit transfer of courses taken in an accredited program (formal learning) and informal learning, and non-formal learning.</p>		
<b>Scope</b>	Students applying to the University.		
<b>Statement</b>	<p>The objective of “Recognition of Prior Learning” is to assess the education and learning experience of newly enrolled students at the time of joining AAU and determine if they may receive credit based on their current level of knowledge, skills and competencies. It is an educational initiative that provides newly enrolled students with an opportunity to identify, demonstrate and gain recognition for what they already know and can do. It allows students to obtain credit for university-level knowledge and skills gained outside the classroom and/or through other educational programs. RPL uses valid, rigorous assessment methods consistent with AAU mission and goals to ensure that learning worthy of credit has taken place. Some of the advantages of RPL are that it:</p> <ul style="list-style-type: none"> <li>• validates appropriate learning gained through work and life experiences;</li> <li>• identifies areas of competence and areas requiring further study;</li> <li>• reduces time and expense to acquire a degree;</li> <li>• allows for more appropriate learner placement in programs;</li> <li>• increases accessibility to a broad range of learners; and</li> <li>• provides an important service for the community</li> </ul>		
<b>Procedures</b>	<ul style="list-style-type: none"> <li>• For appropriate recognition, the learning should be current, relevant to the</li> </ul>
