AAU Participates in MOI Smart Applications Award

Represented by the Deanship of Student Affairs at Abu Dhabi campus, Al Ain University of Science and Technology took part in the launching ceremony of the Ministry of Interior's Award for Smart Applications organized by the Ministry of Interior under the patronage of Lt. General HH Sheikh Saif bin Zayed Al Nahyan, Deputy Prime Minister and Minister of Interior. The AAU delegation included a number of students and was headed by Dr. Zuhrieh Zoe Shana, Deputy Dean of Student Affairs.

Dr. Zuhrieh Zoe Shana, Deputy Dean of Student Affairs, said that the competition aims to instill creativity and innovation in youth and encourage them to play an active role in building a knowledge-based society. The award also pushes university students to develop smart applications and mobile solutions as well as enhances strategic partnerships among higher

education institutions.

At the end of the ceremony, the students inquired about registration for the award and the qualifying workshops the need to attend in order for them to participate with their applications and implement them to better serve the community.
