A Lecture Entitled "Oh Mathematics!" at Al Ain University

The Student Affairs Deanship at Al-Ain University of Science and Technology, based in Abu Dhabi, and in cooperation with the Community Engagement Department in the college, organized a lecture titled "Oh Mathematics!" presented by Dr Noha Hamada, a faculty member in the College of Business Administration. The lecture was attended by members of the academic and administrative bodies and university students.

The lecture included some mathematical ideas that demonstrate the importance of mathematics in our lives and its existence in all sciences and disciplines, its future development and the basis for scientific research strength as a universal language.

She gave a number of tips on how to study mathematics and overcome challenges and obstacles often faced by the students with various math concepts..
