A Delegation from Sultan Idris University visited AAU

Al Ain University of Science & Technology – Abu Dhabi Campus, represented by Dr. Amer Qasim, AAU Vice President, received a delegation from the Sultan Idris Education University, Malaysia, presided by the Deputy Vice-Chancellor Prof. Dr. Mohd Sahandri Gani bin Hamzah. The meeting was attended by the Deputy's Deans of AAU's Colleges.

Both parties stressed the significance of academic and research collaboration and confirmed that it is a very valuable tool that not only accelerates the progress but also enhances the quality of the work and extends the knowledge of both universities. Academic collaboration is beneficial to the faculty members in learning new teaching tools, and to the students in increasing the breadth of their knowledge and enriching their experience.

Moreover, Dr. Amer Qasim stressed the importance of encouraging academic and research cooperation among the institutions which makes the team network approach more effective in

sharing knowledge, resources, and innovations.

At the end of the visit, the delegation had a tour of the university's campus, expressing their happiness with this visit and appreciate the AAU's efforts.
