## **An Awareness Seminar under the slogan “Choose to Vaccinate”**

The Deanship of Student affairs organized an awareness seminar under the slogan; Choose to Vaccinate”, presented by Dr. Hussam Al Tatari- Member of the American Board of Pediatrics and Infectious Diseases, and, moderated by Prof. Ibtehal Aburezeq- AAU Vice President for Development and Follow up and the Deanship of Student Affair.

The seminar, which was held in coinciding with the national campaign launched by the UAE to encourage community members to take vaccines in controlling the spread of Covid-19 virus, attended by Prof. Ghaleb El Refae, AAU President, Dr. Amer Qasem, Vice President, academic and admin members and number of AAU students.

The symposium aims to educate members of the society about the importance of taking the vaccine and how the vaccination helps to acquire immunity in order to preserve the health and safety of individuals of all community groups.

Dr. Al-Tatari reviewed; the types of Covid-19 vaccines, how they were manufactured, the extent of their effectiveness and safety, what are the effects of the vaccine on immunity, and the extent of the possibility of infection with the Corona virus after taking the vaccine.

Prof. Al-Refae urged the community members to get vaccinated to stop spreading the virus.
