Al Ain University Teams Shine at 42 CTF: The Ultimate Cyber Showdown, Securing 2nd and 3rd Place

Two teams from Al Ain University achieved remarkable success at the 42 CTF: The Ultimate Cyber Showdown. The competition, organized by RedTeam Hacker Academy in collaboration with 42 Abu Dhabi, brought together students and professionals across the UAE to tackle challenging real-world cybersecurity scenarios.

The "Null" team, consisting of Jumaa Alhameli, Hamza Salem, and Omar Khalayleh, secured 2nd place, while the "0xCAFFEE" team, featuring Kenan Ismail Hassan and Mo’ath Ibrahim Owheeb, earned 3rd place. Both teams demonstrated exceptional skill and determination in solving complex cybersecurity challenges.

The event offered participants an excellent opportunity to showcase their ethical hacking,

malware analysis, and vulnerability exploitation expertise. The competition served as a platform for students to test their cybersecurity knowledge in real-world scenarios and gain valuable hands-on experience.
